EXPERIENCE

NEW COLOMBO PLAN SCHOLAR - JAPAN FELLOW

AUSTRALIAN GOVERNMENT | 2018-19

- The New Colombo Plan is a signature initiative of the Australian Government with the aim of lifting the knowledge of Indo-Pacific region in Australia.
- As a scholar, I will travel to Japan to study engineering at Chuo University and undertake internships within the region.
- I aim to facilitate collaboration in software development between Australia and Japan in the future.
- I was awarded fellow (the highest ranked scholar) for Japan.

CASUAL ACADEMIC - PROGRAMMING COURSE TUTOR

UNSW SYDNEY | JUNE 2018 - DEC 2018

- Ran laboratories for classes of 30 university students covering content in C from introductory level up to linked lists.
- Marked student assignments for style and correctness, invigilated practical exams, developed the class's interest and passion for computer science.

HOUSE PRESIDENT - UNSW HALL

UNSW SYDNEY | 2018

- Led a 12 member house committee involving chairing weekly meetings, full house meetings and empowering directors.
- Organised a full college calendar for over 200 residents.
- Managed college funds of over \$20,000 including completing grants and reimbursements and acting as a signatory on all transactions.
